

NO COST NO OBLIGATION HEALTH INSURANCE QUOTES FOR APRA MEMBERS

Healthcare is expensive and the health insurance options are confusing and complicated. Researching health insurance is very time consuming and can be very frustrating unless you are extremely savvy in the healthcare arena. With the APRA Member healthcare program, getting a **free no obligation health insurance quote** is easy.

Below are the steps involved in the simple, no-hassle process:

- 1) Complete the proposal request form at www.mmicinsurance.com/APRA, and submit it to MMIC.
- 2) MMIC receives the form, and based upon your needs, location, and number of employees, it selects two insurance companies.
- 3) Within 48 hours, MMIC evaluates and negotiates with the two companies to tailor a plan that best fits your needs and e-mails you a proposal with the rates and benefit comparisons.
- 4) MMIC will follow up with an e-mail to discuss the proposal, answer your questions, and if you're interested in applying for coverage, MMIC will send you an enrollment kit and application immediately.
- 5) Complete the application for the Insurance provider and send it to MMIC for review. MMIC then overnights your application to the insurance company.

When renewal time comes, MMIC will contact you prior to the renewal date to discuss your needs and will work with insurance companies to renegotiate your rates or provide alternatives.
